

MegaBlaster Pro (MBP-AU)

Effective Wide-Area Bird Control

Mega Blaster PRO sonic bird repeller covers 30 acres! Mega Blaster PRO uses intermittent distress calls to create a "danger zone" that frightens infesting birds away for good. PREDATOR cries scare all pest birds.

Our most powerful system features two high-output amplifiers that drive our specially-designed 20 speaker tower. The intense sound output covers up to 30 acres (12 hectares). It features solid-state electronics mounted inside a NEMA-type control box, suitable for almost any large outdoor application.

The generating unit mounts easily to a post or pole using the included hardware. The unit comes pre-recorded in different configurations for the most common bird infestations. Choose any or all of the 8 sounds, including predators to give the birds even more of a sense of danger. Customize by choosing volume and silent time between sounds.

Birds are stubborn and territorial, returning year after year. Mega Blaster Pro uses their memory against them and scares them away repeatedly so they learn not to return.

NOTICE: This unit is capable of sound output up to 125 decibels.

HEARING PROTECTION IS RECOMMENDED.

Coverage: up to 30 acres from single unit.

Pests: gulls and marine birds, sparrows, starlings, blackbirds, pigeons and others

Uses: any multi-acre facility including landfills, airfields, fish farms, vineyards, lakes, parks

Available configuration options: Agricultural # MBP-AU AG - Marine / Gull # MBP-AU MR - Custom # MBP-AU CV

SPECIFICATIONS

Shipping Weight: 26 pounds

Coverage: Up to 30 acres (12 hectares)

Power Input: 12VDC (3 AMPS) via Solar Panel and Battery

Sound Pressure: up to 125 decibels

Frequency: 2,000 - 10,000 Hz

Included: Complete system includes the generating unit with two built-in high-output amplifiers, 20-speaker tower with audio cables, 40 watt solar panel, battery clips and all mounting hardware. Battery not included.

Origin: Made in USA, customized by EasyBan in AUSTRALIA
